

Thomas W. Rademacher, et al.  
Application No.: Continuation of USSN 09/254,800

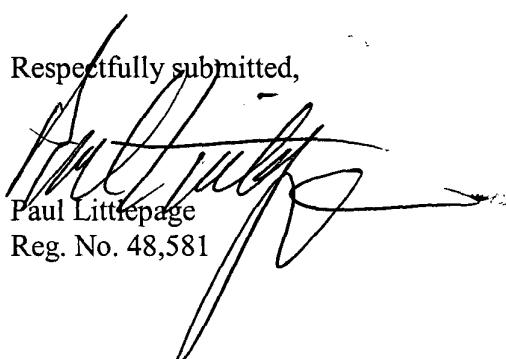

**REMARKS/ARGUMENTS**

Claims 20 through 30 are pending with entry of this Amendment, with claims 1-19 being cancelled and claims 20-30 being added herein. This Amendment introduces no new matter and support for the changes is replete throughout the specification. The changes are made primarily to convert "use" claims to method claims. Support for claims 17 and 21 is found, e.g., at page 13, lines 30-33, etc. The amendments herein are made without prejudice and are not to be construed as abandonment of previously claimed subject matter or as agreement with any objection or rejection of record. Because no new matter has been added to the application by way of the current Amendment, Applicants respectfully requested its entry.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 510-337-7871.
